MR. H. S. SURYANARAYANA RAO (Special Interests).—

Q.—63. Will the Government be pleased to state :—

(*a*) (i) the number of Government grainages preparing layings ;
(ii) the total establishment engaged in the work ;
(iii) their total expenditure and income ; and
(iv) the total number of layings prepared by them

(Figures from 1933-34 to 1937-38, both inclusive, may kindly be furnished) ;

(*b*) (i) the number of aided grainages in the State ;
(ii) the number of layings prepared by them ; and
(iii) the amount given to them by Government in the form of grant

(Figures from 1933-34 to 1937-38, both inclusive, may kindly be furnished) ;

(*c*) the number of disease-free layings required on an average in the State for the extent of mulberry cultivation, taking the figures for the year 1937-1938 for purposes of calculation ?

SECRETARY TO GOVERNMENT, DEVELOPMENT DEPARTMENT.—

A.—63. (*a*) (i)

Year.	No. of Government grainages.
1933-34	6
1934-35	7
1935-36	9
1936-37	9
1937-38	10

(ii) The approximate establishment charges are furnished hereunder :—

Year.	Establishment charges. Rs.
1933-34	8,400
1934-35	10,000
1935-36	14,000
1936-37	16,200
1937-38	18,300

(iii) The total expenditure and income of the Government grainages from 1933-34 to 1937-38 are detailed hereunder :—

Year.	Direct expenditure. Rs.	Income. Rs.
1933-34 ...	23,402 ...	14,827
1934-35 ...	34,111 ...	20,608
1935-36 ...	39,885 ...	24,121
1936-37 ...	48,008 ...	29,156
1937-38 ...	57,306 ...	41,101

(iv)

Year.	Total number of disease-free layings prepared.	Cross-breeds only.
1933-34 ...	21,42,100 ...	12,26,000
1934-35 ...	32,49,500 ...	20,99,800
1935-36 ...	38,57,300 ...	26,86,500
1936-37 ...	44,86,200 ...	31,38,500
1937-38 ...	54,82,000 ...	39,85,300

(*b*) (i)

Year.		Number of Aided grainages.
1933-34	...	16, out of which 13 only were active
1934-35	...	15, out of which 12 only were active.
1935-36	...	19, out of which 15 only were active.
1936-37	...	21, out of which 19 only were active.
1937-38	...	25, out of which 24 only were active.

(ii)

Year.		Total number of disease-free layings prepared.		Cross-breeds only.
1933-34	...	14,06,300	...	...
1934-35	...	8,98,900	...	1,09,300
1935-36	...	19,52,100	...	11,73,000
1936-37	...	31,77,700	...	18,35,300
1937-38	...	39,58,400	...	30,26,200

(iii)

Year.			Amount of Grant Rs.
1933-34	...	...	4,610
1934-35	...	...	3,511
1935-36	...	...	6,944
1936-37	...	...	16,053
1937-38	...	...	25,650

(*c*) Taking the area under mulberry cultivation to be roughly 26,500 acres during 1937-38, the total quantity of disease-free layings required would, it is estimated, be about 293 lakhs.

MR. N. Y. VEERABHADRACHARYA, (Minorities).—

Q.—64. Will the Government be pleased to state :—

(*a*) the places where sculptors were assembled by the Director of Archæology in Mysore for purposes of delivering lectures to them on ancient sculpture;

(*b*) the places in which such lectures were delivered and the dates;

(*c*) the subjects dealt with in them;

(*d*) whether any such lectures were delivered in Nagamangala where many sculptors live;

(*e*) whether the importance of this course of action has come to their notice?

SECRETARY TO GOVERNMENT, GENERAL DEPARTMENT,—

A.—64. (*a*) The Director of Archæology did not assemble sculptors for any such lecture. He delivered one lecture on 'Mysore Architecture and Sculpture' in Mysore on the occasion of the Viswakarma Conference.

(*b*) Similar lectures were delivered at different times in the Educational Conference at the Intermediate College, Bangalore, in the Karnataka Sahitya Parishat and the University Teachers' Association's Lecture Week in Dodballapur. The lecture is being delivered at the Maharaja's College under the auspices of the University Historical Association once in two years for students of the College.

(*c*) Architecture in Mysore or some aspect of it.

(*d*) No.

(*e*) The question is not clear.
